THE PERON

at home with my family...

planning our first home...

our "alone" time...

Affordable homes
for all generations

Affordable homes for all generations.

MyGen Homes is one of Perth's most progressive home builders. Whether you're building your first home, a new family home, or downsizing, we understand that this can be a daunting prospect, but it doesn't have to be.

That's why we've developed a range of home designs to suit the needs of different generations. This, along with our customer focused methodology, makes the entire process of building with MyGen Homes stress-free and enjoyable – just as it should be.

After all, it's as much about building great memories and getting the most out of life, as it is building a new home and investing in the future.

THE PERON

Stunning and Practical. Two words not commonly placed together, but when you step inside The Peron you will know exactly why these words fit this delightful home.

The centralised kitchen has a gorgeous outlook onto the open plan living and dining area that extends out with huge stacking doors onto the generous alfresco space, creating seamless indoor/outdoor living. A very sizable home theatre room is sensibly positioned to the side of the living area with easy access to the kitchen for mid movie snacks!

Small practicalities such as an undercover entry point and internal access from the garage, to keep you warm on those cold wintry days, a coat cupboard close to the front door, through to large practicalities like an almost separate wing for the secondary bedrooms with an activity area will make this a very comfortable home to live in.

MyGen Homes impeccable specifications and dedication to building affordable quality homes will astound and surpass any expectations. The Peron will fit any generational requirements; imagine your new life starting in a fabulous home like The Peron!
